

We would like to invite your dancer to audition for our NS Dance Studio Energy Performance Company! This company is designed for ages 6 and up! This company is uniquely designed for students that are dedicated and would like to be a part of the competitive dance environment with less time commitment or experience needed.

Requirements for Energy Performance Company:

- The students must attend the auditions on Thursday, June 13, 2024.
 - Pre-register on the studio website under Company Auditions
- Students must attend one of the Summer 2024 Dance Camps.
 - Mini Magic is preferred for those 8 years old and under (Level A & Level B/C). Intense and Ignite are required for ages 8+ (Level D and Up).
 - Popstars and Rockstars is preferred for Rising 1st Graders.
- Students must be enrolled in the style of dance in which they will compete. The Faculty will decide on the style of dance after auditions. In the past, Energy Company has competed with Jazz.
- Ballet and Jazz will be required classes in the fall in addition to the style of dance they will be competing in.
- The Energy Performance Company will learn one dance to compete. This dance will be taught during weekly regularly scheduled weekend rehearsals that will begin in early September once music is finalized. These rehearsals are **required** attendance unless pre-approved by the lead Faculty Member for the company.
 - If we have enough company members, we can create a class for them, which would allow any weekend rehearsals to be more occasional.
- Energy Company Members must attend all scheduled competitions and performances. Dates of these competitions/performances will be announced as soon as possible. They are usually in January-early April. Competition dates are announced after auditions, as many competitions do not publish their dates until Mid-June/Early July.
- Energy Company is always invited to participate in Deck the Heights each year and certain Master Classes.
- All Company Members are required to be on Auto-Pay for the entire 2024-2025 year.

Financial Obligations for the Energy Performance Company:
